APPLICATION CATEGORY

Carefully choose the category for which you are applying:

- DEGREE SEEKING:** If you meet all the standards of admission to the graduate program, you will be considered for full degree seeking status. (See *University catalog at ut.edu/catalog*.)
- NON-DEGREE SEEKING:** If you will not be able to submit an entrance examination score prior to the proposed attendance date, you may qualify for acceptance as a non-degree seeking student if your grade point average (GPA) is at least a 3.0 and all other admission requirements have been met. International students requiring student visas do not qualify for non-degree status. Non-degree seeking students are not eligible for University or federal financial aid. Students may not take more than 8 credit hours. Acceptance as a non-degree seeking student does not ensure acceptance into the respective program, regardless of the course grades received.
- ACADEMIC CERTIFICATE:** Professionals who have completed master's degrees or higher, or professionals who otherwise meet the standards of admissions as non-degree seeking students, are eligible to obtain professional certificates by completing courses outlined in the concentrations section of the University catalog (*ut.edu/catalog*), plus any prerequisites the courses may have. Upon completion of at least 12 credit hours of graduate coursework with a 3.0 GPA or better in an area of concentration, the student is awarded the professional certificate.
- RE-ADMIT:** If you are a former UT graduate student who has been away from the program for more than a year, you will need to re-apply to the University. Any coursework completed since attending UT should be submitted via official transcripts.
- TRANSIENT:** If you are pursuing a graduate degree at another institution, you may take graduate-level courses at The University of Tampa by submitting a completed application form, application fee and official transcript. Only courses for which specific permission has been granted may be taken. Transient students may enroll only if space is available in the desired classes.
