

Casper

All applicants are required to complete Casper as part of their application for the 2026/27 admissions cycle. [Casper](#) is an online, open-response situational judgment test that takes 65-85 minutes to complete.

You will register for **US Casper 2 | CSP-20100**.

Casper measures different personal and professional skills that we believe are important for successful students and graduates of our program. It will complement the other tools we use for applicant review and evaluation, and we require Casper as part of our efforts to enhance fairness in our selection process.

Casper is administered by Acuity Insights.

How to sign up for Casper

- Go to [Take Casper](#) to create an Acuity Insights account and register to complete Casper.
 - You will register for **US Casper 2 | CSP-20100** using your CASPA ID and a piece of government-issued photo ID.
 - Please register with the email address you are using for your application and check it regularly, as there may be updates to the test schedule.
- Select a Casper test date from the available testing [dates and times](#), which have been approved in line with our admissions timelines.
 - These are the only testing dates for applying to our program and no additional tests are likely to be scheduled.
- Register for your test **at least 3 days before** your preferred test date and time to allow time to perform a system requirements check and take the sample test in your account. Last-minute bookings are not recommended.
- Ensure you have selected **University of Tampa** for distribution before the distribution deadline listed on the [Dates and Fees page](#).

Technical requirements for Casper

To take the assessments, you will need a:

- Valid email address (the same one you will use to submit your application).
- Desktop or laptop computer, ideally using Windows or macOS.
 - Smartphones and tablets are not supported.
- Working webcam and microphone.
 - Wired inputs or your computer's built-in microphone are recommended.
- Reliable high-speed internet connection with download speeds of at least 1.5 Mbps and upload speeds of at least 2 Mbps.

Learn more about [technical requirements](#).

Accommodations

Applicants requiring testing accommodations to complete Casper should submit an Initial Request Form (Part 1 and 2) at least four (4) weeks prior to your scheduled Casper test date.

Learn more about the [accommodations policy](#).

Help with Casper

If you have any questions, please contact the Acuity Insights team via the chat bubble on the bottom right of your Acuity Insights account or on [Take Casper](#). You can also review their collection of [Frequently Asked Questions](#).

**Note: Please check with your Customer Success Manager if you are unsure of the assessment code and assessment type.*
