

The University of Tampa
Athletic Training Program
Transfer Credit Policies

Students applying for admission to the Athletic Training (AT) program as a transfer student (students with a minimum of 17 credit hours earned) must first be accepted to The University of Tampa before applying to the program. University admission criteria and procedures are provided in the current University catalog.

Upon acceptance to the University, students are classified as preprofessional phase students in accordance with the stated criteria in the catalog. Students desiring to transfer into the professional phase must contact the program director *after* being accepted into the pre-professional phase for specific instructions and documentation required to determine transfer eligibility.

- Initial transfer credit evaluation will be performed by the Registrar in accordance with the established University policies identified in the current catalog.
- Students desiring transfer credits for athletic training content courses must submit a written request for evaluation to the director of the AT program. These courses must be reviewed and approved by the director.
 - The student is responsible for providing complete documentation of:
 - course description(s),
 - course syllabus(i),
 - clinical competency/proficiency assessments
 - any previously completed clinical education experiences
 - All requests for athletic training specific course transfer credit will be evaluated for currency and consistency with The University of Tampa AT program content.
 - A maximum of 12 credit hours of athletic training specific coursework from another CAATE-accredited program will be accepted.
- Only credit earned with grades of “B” or higher will be considered for transfer credit in athletic training content courses.
- Students must complete the clinical experiences required by The University of Tampa AT program.
