Dismissal Process

Students/candidates may be dismissed from their program by the Education Department. The process for dismissal from the department is delineated below. Please note that a student/candidate may be considered for dismissal based on professor concerns, unacceptable attainment of critical tasks, acceptable level of academic achievement (GPA dropping below a 3.0), dispositional issues, or inability to pass all components of the FTCE.

1. Notification is brought to the chair of the Department of Education Admission, Retention, Dismissal/Candidate Performance (ARD) Committee that expresses specific concerns about the student/candidate continuing in the department.
2. The student/candidate is notified of the specifics of the concern(s) by email. The email includes reasons for the concerns and outlines the processes of ARD Committee and appeals. A meeting is then arranged allowing the student to speak to the ARD Committee.
3. The meeting is held and the ARD Committee documents their decision.
4. The student/candidate is informed of the decision via email and certified letter.
5. If the finding supports dismissal, the student/candidate may appeal the decision to the Associate Dean of Graduate and Continuing Studies (accordingly to university policies see student handbook).
