Financial Aid

The University of Tampa offers a strong financial aid program that assists qualified students with their educational expenses. In recent years, more than 85 percent of the University’s students have received some type of financial assistance. Assistance may be granted on the basis of need or on the basis of academic or talent qualifications. The financial aid program is administered without regard to race, age, color, gender, religion, handicap, or national or ethnic origin. It also is administered in accordance with the nationally established definition of demonstrated need, that is, the difference between the student’s resources (parental contribution, summer earnings, savings, etc.) and the total cost of attendance. Such costs include tuition, fees, room, board, books, supplies, transportation and personal expenses.
How Financial Need Is Determined

Need is the difference between UT’s total cost and a family’s expected contribution. The Free Application for Federal Student Aid (FAFSA) is used to determine the amount that a family contributes. Students will be informed of their financial aid eligibility as soon as the results are received.

Factors considered in determining a family’s contribution are parent and student income and assets, household size, number attending college, age of the primary wage earner, and state of residency.

The Total Cost of a College Education

In addition to tuition, fees, room and board, consider books, transportation and other personal expenses. The average annual cost for books and supplies for undergraduate students is $934.

Remember that no matter how much an institution costs, the expected family contribution is based on the FAFSA. This means that when the difference between total cost and family contribution is supported by financial aid, a UT education may be within reach.

How to Apply

Apply early to meet all deadlines. Follow these instructions to be considered for every need-based financial aid program available:

- Complete the Early Aid Estimate Form (October through January) to receive an early financial aid estimate. This form is available from the Admissions and Financial Aid offices, or at www.ut.edu. Notice of estimated eligibility for aid is sent soon after the form is received.

• First-time financial aid applicants should complete the FAFSA as soon as possible after Jan. 1. Forms are available online at www.fafsa.ed.gov. Remember to complete the signature requirements described in the instructions. This application determines eligibility for all federal financial aid programs, including the Pell Grant, as well as all need-based aid awarded by UT. Students should answer all questions, sign their applications, and make copies for their records before sending applications to the processing agency.

• Renewal applicants (completed a FAFSA in a previous year) should receive a renewal application. This should be completed as soon after Jan. 1 as possible. Students who do not receive renewal forms should file the FAFSA.

• Students who reside in a state other than Florida should complete the FAFSA or renewal application, and also check with their guidance office about how to apply for their home state grant program.

• “The University of Tampa, Tampa, FL” must be listed on the FAFSA for the University to receive information. The FAFSA code for UT is 001538.

• A few weeks after the FAFSA or renewal application is submitted, a Student Aid Report (SAR) is sent to financial aid applicants. Students should review the SAR for accuracy. Read the cover letter in part one and make revisions, if needed, in part two of the SAR. If corrections are needed, return the SAR to the federal processor immediately.

• Students selected for verification by the federal processor may be asked to submit additional documents to the Financial Aid Office, such as copies of tax forms, Social Security or VA statements confirming benefits, etc. Non-citizens may be asked to provide copies of their Alien Registration Cards.
Special Circumstances

Students are required to notify the Financial Aid Office of scholarships received from any outside source. Some adjustments to aid packages may be necessary to comply with federal and state regulations and institutional parameters.

If a family’s financial circumstances change significantly after applying for aid, the UT Financial Aid Office should be contacted. Examples of changes may include separation or divorce, death of a major wage earner, loss or reduction of income by at least 25 percent, unexpected uninsured medical expenses, or elementary or secondary tuition expenses. Financial need may then be re-evaluated.

How Students Are Notified

If the UT Early Aid Estimate form is submitted, students receive written notification of their estimated aid eligibility a few weeks after their form is received. Otherwise, notification of need-based aid is not received until UT receives the results of the FAFSA. It takes several weeks for UT to receive a need analysis from the FAFSA processing agency.

Need-based aid is awarded in a package usually consisting of grants and scholarships (which do not have to be repaid), low-interest student loans (which are repaid after the student graduates or leaves school), and student employment (through which students can earn money for college expenses).

Acceptance of aid requires an admissions deposit, which is credited to the first-term bill.

Students who receive ROTC scholarships may also be eligible to receive UT ROTC incentive grants covering the average cost of room and board. In addition, ROTC scholarship recipients may receive monthly stipends for personal expenses.

Two-, three- and four-year ROTC scholarships are possible at UT. Students who do not have ROTC scholarships in their first year may apply for two- or three-year scholarships. Check with the appropriate service branch for scholarship application deadlines. For more Army ROTC scholarship information, call (813) 258-7200 or DSN: 968-276. The University of Tampa offers military ROTC scholarship recipients special incentive grants. To qualify for a UT ROTC Incentive Grant, students must apply and be admitted to the University as full time undergraduate degree-seeking students. They should indicate that they are candidates for ROTC scholarships when they submit their applications for admission.

Students must complete the FAFSA. Florida residents must satisfy all annual renewal requirements for state funded awards.
The amount of the UT ROTC Incentive is reduced by the amount of other awards that students receive. These include, but are not limited to, the Florida Bright Futures Scholarships, the Florida Resident Access Grant and the Florida Student Assistance Grant. Average room and board benefits are awarded to students living on campus. Students are required to purchase a meal plan to receive this benefit. Students may not receive more than the actual cost of attendance from all sources of aid. Total gift aid may not exceed total direct costs (tuition, fees, room and board) unless financial need (according to federal methodology) is demonstrated to be above direct costs. VA benefits, subsistence and book allowances are counted as resources when calculating financial aid. ROTC scholarships will supersede/replace any previously awarded UT scholarships or grants.

**General Information**

**Privately Funded Outside Programs**

A number of sources are available for information and applications on outside scholarships, grants, fellowships, and loans. High school guidance offices, local libraries (the *College Blue Book* is a great source), and the following web sites on the Internet can help:

- [www.fastweb.com](http://www.fastweb.com)
- [www.finaid.org](http://www.finaid.org)
- [www.collegenet.com](http://www.collegenet.com)
- [www.collegeboard.org](http://www.collegeboard.org)

Most outside programs have early deadlines in April or May. Many of the applications must be sent with copies of high school or college transcripts, two or three letters of reference, and an essay on a topic specified in the application instructions.

**Will Awards Be Renewed Every Year?**

Unless otherwise stated, all forms of financial aid are generally renewed, provided there is satisfactory academic progress and good standing, demonstrated financial need, and availability of funds. Students must apply for financial aid each year.

**Excessive Awards**

Students who receive financial assistance awards or scholarships from outside sources may not receive funding from such sources that in combination with University assistance exceed the direct cost of education as determined by the Financial Aid Office.

Scholarships and other awards received from University and non-University sources must be included toward meeting “need” if any “need-based” assistance is part of an award. The receipt of outside or additional funds may result in a reduction or change of funds already awarded.

**Disbursement of Financial Aid**

All financial aid funds are awarded for the entire academic year, half of which is credited to each semester. Graduate business students may have loan funds disbursed each seven-week session. With the exception of college work-study and student employment, aid funds are applied directly to student charges at the beginning of each semester. Entrance interviews also are required before federal loan funds can be disbursed. The Financial Aid Office notifies students as to how this process is administered. Funds are not credited to the student account until after the term’s published 50 percent refund deadline.

All aid awarded by the University may be used only during the fall and spring semesters. Institutional aid is not available during summer terms or special inter-sessions.

**Study-Abroad Scholarships**

For study-abroad programs, UT scholarships may be used only in conjunction with a University-approved tuition exchange program. Students may not apply University scholarships to external programs. However, if the student studies abroad for a period of one year or less and returns to UT in the semester immediately following the study-abroad program, UT scholarship monies will be reinstated. This policy is null and void if the international coursework has not been approved in advance by UT or if the student fails to attain the grades or academic scores necessary for transfer credit.
Undergraduate Academic Eligibility for Financial Aid

Satisfactory academic progress for federal and UT financial aid coincides with the University’s Undergraduate Retention Standards (see Regulations on Academic Warning and Dismissal). To maintain eligibility, a student must maintain a minimum GPA based on the number of credit hours attempted, and must successfully complete a specified percentage of the work attempted.

Grade Point Average Criterion
Up to 59 hours attempted .... 1.75 or higher
60-93 hours attempted ........ 1.95 or higher
94 or more hours attempted ... 2.0 or higher

Successful Completion Percentage Criterion
Up to 27 hours attempted .......... 50%
28-59 hours attempted ............ 55%
60-93 hours attempted ............. 60%
94 or more hours attempted .......... 67%

Undergraduate students are ineligible for federal aid once they have attempted 186 hours (193 for the Bachelor of Music) or 12 semesters. Graduate students are ineligible after attempting 48 credit hours or 12 semesters.

For transfer students, the GPA criterion uses the student’s GPA earned at UT, but total hours attempted at all institutions. Total hours attempted at all institutions also is used to determine the successful completion percentage criterion.

The following provisions also apply to The University of Tampa’s standards of satisfactory academic progress for recipients of federal and UT student financial aid:

1. Credit hours attempted is defined as those credits for which the student is enrolled at the expiration of the tuition refund period.
2. Satisfactory academic progress in any or all of the optional summer sessions is determined after the last summer session in which the student takes courses.
3. Courses may be repeated. GPA and credits will be calculated in accordance with repeat course policies found under academic policies and procedures in the catalog. Once a student has repeated courses three times at UT, further course repetition will be disregarded in enrollment-status determination and GPA calculations.
4. A grade of “I” (incomplete) is considered unsuccessful, and the attempted credit hours are attributed to the successful completion percentage criterion.
5. The credit hours for course withdrawal (W) will be attributable to the successful percentage completion criterion, except for semesters in which the student successfully completes 12 credit hours.

Student eligibility for University merit-based aid follows more stringent eligibility criteria stipulated at the time of the award (3.0 GPA for renewal of President’s Scholarship and Departmental Scholarships, 2.8 for renewal of Dean’s Scholarship, 2.8 for Transfer Scholarship, 2.8 for International Grant).

The following rules govern academic progress as requirement for the receipt of most Florida state student aid. For rules governing all types of Florida student aid, please consult the Financial Aid Office.

1. Undergraduate students must be enrolled full time (at least 12 credit hours).
2. A student must have been a Florida resident for 12 months prior to the first day of class for the first academic term in which funds are received.

Eligibility for renewal of all state, federal and UT awards will be evaluated at the end of the second semester of each academic year.

Conditions of renewal for some Florida state awards:
1. Minimum cumulative GPA of 2.0.
2. Minimum of 12 credit hours earned each term.

Eligibility for nearly all financial aid programs also requires students to be enrolled in degree programs and U.S. citizenship or eligible non-citizen status.

An undergraduate student is eligible to receive UT financial aid for a maximum of nine semesters. Undergraduate students who transfer to UT are eligible to receive UT aid up to the point of normal degree completion. Normal degree completion for most undergraduates is 124 credits.
Students may appeal the loss of financial aid (federal, University or state) if extenuating circumstances (such as illness or accident) apply. A written appeal must be made to the Director of Financial Aid within 30 days of the date of written notice of ineligibility. The appeal must include a description and verification of the circumstances.

**Leave-of-Absence Policy**

In any 12-month period, the University may grant a single leave of absence to a student. The leave of absence must not exceed 180 days. A leave of absence must be requested by the student in writing and submitted to Academic Advising Office. During an approved leave of absence, a student loan borrower is eligible to maintain in-school deferment status. A leave is treated as a total withdrawal for all other purposes. If a student fails to return at the end of 180 days, his or her last date of at least half-time attendance will be considered the withdrawal date for loan reporting purposes.

Withdrawals

**Return of Funds Policy**

The Financial Aid Office recalculates federal* financial aid eligibility for a student who withdraws, drops out, is dismissed, or takes a leave of absence prior to completing 60 percent of a semester.

Recalculation is based on the percent of earned aid using the following formula: Percent earned equals the number of days completed up to the withdrawal date** divided by the total days in the semester.

Federal financial aid is returned to the federal government based on the percentage of unearned aid using the following formula: Aid to be returned equals 100 percent minus the percent earned multiplied by the amount of aid disbursed toward institutional charges.

When aid is returned, the student will owe a debit balance to the University. The student should contact the Bursar’s Office to make arrangements to pay the balance.

*Federal financial aid includes the Pell Grant, SEOG Grant, Academic Competitiveness Grant, Smart Grant, Perkins Loan, Federal Student Loan and the PLUS Loan.

**Withdrawal date is defined as the actual date the student began the institution’s withdrawal process, the student’s last date of recorded attendance, or the midpoint of the semester for a student who stops attending classes without officially notifying the Registrar’s Office.

**Federal Drug Conviction Policy**

Students who are convicted of violating any federal or state drug possession or sale law will become ineligible for Title IV federal financial aid under the following circumstances:

For a student convicted of drug possession, federal aid eligibility is suspended for:
- One year for the first offense
- Two years for the second offense
- Indefinitely for the third offense.

For a student convicted of a drug sale, federal aid eligibility is suspended for:
- Two years for the first offense
- Indefinitely for the second offense.

A person’s Title IV federal financial aid eligibility may be resumed before the end of the ineligibility period if:

1. The student satisfactorily completes a drug rehabilitation program that complies with criteria established by the Department of Education and such program includes two unannounced drug tests; or
