

## Disclosure of Significant Financial Interests and Obligations

---

As part of its commitment to promoting objectivity in research and in compliance with applicable federal regulations, non-federal agency guidelines, and the University's Financial Conflicts of Interest (FCOI) policy, the University of Tampa requires an Investigator to submit a conflict of interest disclosure form with the proposal routing form and prior to submission of the proposal to a Public Health Service (PHS) agency, National Science Foundation, and other applicable private foundations/agencies to ensure that the design, conduct and reporting of sponsored program/project activity will not be biased by a significant financial interests or obligations of any investigator.

For the purpose of this disclosure form, **Investigator means any individual who is responsible for the design, conduct, or reporting of PHS and other applicable sponsored research/programs, or proposals for such funding. This definition is not limited to those titled or budgeted as principal investigator or co-investigator on a particular proposal, and may include postdoctoral associates, senior scientists, or graduate students. This definition may also include collaborators or consultants as appropriate.**

A revised disclosure must be filed with the Office of Sponsored Programs (OSP) whenever an Investigator has a material change in the significant financial interests or obligations previously disclosed, or annually during the project period of the sponsored program.

The Disclosure of Significant Financial Interests and Obligations ("disclosure form") is a two-section form. All Investigators meeting the definition referenced above must complete Section I of the disclosure form. If any answer to Section I is "yes", Section II of the disclosure form must also be completed. The completed and signed disclosure form should be included with the sponsored proposal/application routing packet.

PHS and other applicable agency proposals/applications will not be submitted until all required disclosure forms have been completed, signed by all Investigators, and submitted to the Office of Sponsored Programs (OSP). Compliance with this requirement is also a prerequisite of acceptance by University of Tampa of a PHS, NSF or other applicable agency sponsored grant or contract award. Completion and submission of disclosure forms satisfies the requirements of the Department of Health and Human Services/Public Health Services (PHS), 42 CFR 50 Subpart F, and the University of Tampa's Conflict of Interest policy.

Completed and signed disclosure forms will be reviewed and maintained in the Office of Sponsored Programs. Should a Significant Financial Interest (SFI) be identified within the disclosure form, the review and subsequent recommendation for management will be conducted by the Provost. Questions concerning any research-related disclosure should be addressed to the Office of Sponsored Programs.

## Disclosure of Significant Financial Interests and Obligations

### Section I

All University of Tampa investigators seeking external sponsored funding from a PHS agency are required to complete this form before a proposal can be submitted, annually during the project period of an award, and within 30 days of acquiring any new significant financial interests. Place a check in the appropriate column for each question. Once every question is answered the investigator must certify the information by signing the bottom of the form.
