

University of Tampa
Department of Physician Assistant Medicine
Admissions Statistical Profile

The Department of Physician Assistant Medicine's stated admissions goal is to select qualified applicants, through a holistic process, who successfully complete the program. The following class characteristics are reported for each cohort and compared to the admissions averages reported annually by the Physician Assistant Education Association (PAEA) Matriculation Survey (MSS) or PAEA Annual Report. Additionally, the program compared applicable data from the American Community Survey (ACS), which is census data reported every 5 years. Each cohort's characteristics are compared between all qualified applicants, those interviewed, those initially accepted, and those who matriculate into the program.

Our program admission preferences are:

- GPA Last 60 Credit Hours >3.0 and GPA Prerequisite > 3.0
- Direct patient care experience characterized as moderate or high level
- Direct patient care experience > 750 hours
- Work experience or research hours > 500 hours
- Community service/mission work > 250 hours
- Leadership activities ≥ one year
- First Generation College Student
- Graduate degree earned in any discipline
- PA-CAT completed, and scores reported by the Oct. 1, 2021, deadline
- Military service
- UT alumni

The specific admission goals related to our preferences are:

- PA students from groups underrepresented in medicine will be at or above the average represented within the Florida state population defined by the most recent American Community Survey
- 20% of PA matriculates will have prior military/veteran status
- 40% of PA matriculates will be a first-generation college student

Cohort Characteristics

	Age	Gender Female/Male	Veteran	First Generation	UT Alumni	Florida Resident
Cohort 2019 qualified	26.2	70.3/29.7%	7.0%	28.0%	NR	44.6%
