READ, UNDERSTAND, INITIAL NEXT TO EACH REQUIREMENT, AND COMMIT

	I understand that there are two semesters (6-8 credits) of foreign language required as well as completion of the ACTFL oral language proficiency interview for program completion
	I understand that there are four global knowledge courses (12-16 credits) required for program completion. These courses may count toward other graduation requirements.
	I understand that an approved education abroad experience is required for program completion
	I understand that a global engagement inventory is required each semester during the program. Students should document participation on a co-curricular transcript.
	I understand that CIS participation is recorded by enrollment in GIS 099 for 0 credits each semester. GIS 499, a one credit capstone course, needs to be completed during the final semester of the program
	I understand that GIS 099 is graded S/U and GIS 499 is given a letter grade. Both courses constitute participation in an academic program and adhere to university policies regarding add/drop dates, registration and withdrawal procedures, and academic integrity policies.

I, _____, am choosing to internationalize my course of study at The University of Tampa by earning the Certificate of International Studies. I understand that this is an academic program intended to engage students on an international level and forge a more global citizenry, and I intend to commit the necessary time and energy into program participation.
